CUSTOMER-DRIVEN EXPERTS IN MROP SOLUTIONS

MAINTENANCE & REPAIR

Our repair technicians and specialists are the most experienced and qualified in the industry. DXP stocks the largest inventory of repair and replacement parts in the business, reducing overhead, improving efficiency and eliminating the headaches of equipment inventory, warehousing, purchasing and accounting.

- Equipment service & repair
- Upgrades, retrofits and replacements
- Reconditioned equipment
- Failure analysis
- Manufacturing services
 - Fabrication
 - Kitting
 - Assembly
- Engineering services
- Mechanical services
 - Vibration analysis
 - Laser alignment
- Dynamic balancing
- Predictive maintenance
 - Infrared thermography
 - Oil analysis
 - Polarization testing
- Life extension services
 - Technology based Services
 - SmartMaintenance systems
 - Repair and warranty tracking
 - Equipment bar coding
- PM integration and exchange
- Digital imaging and storing
- 24 hour service/365 days a year
- Factory trained technicians
- High quality services in all brands and models
- In House/Field services

SAFETY SERVICES

From services to equipment spanning quick response and long-term projects, DXP Safety Services is ready to respond quickly and effectively with the best combination of equipment and manpower.

PLANT TURNAROUND AND INDUSTRIAL SERVICES

- Personal protective equipment
- Standby medical services with accredited paramedical personnel and transportation
- Certified safety personnel: project managers; safety coordinators and/or supervisors; confined space rescue teams; high angle rescue; fire watch; trainers; paramedical personnel
- Industrial health services: pulmonary function testing; respiratory equipment fit testing; drug and alcohol testing; industrial hygiene
- Onsite safety training and orientation
- Emergency response plans
- Office/air trailer equipment
- Breathing air equipment rentals and services

- Emergency firefighting services and standby fire protection
- Mobile shower services
- Cooling trailers
- Confined space and high angle rescue plans, crews, and equipment
- Gas detection and air quality monitoring equipment and services
- Standby and emergency medical services

COMPLIANCE

- Occupational Health and Safety Administration (OSHA)
- Department of Transportation (DOT)
- Environmental Protection Agency (EPA)
- State regulatory agencies

OCCUPATIONAL HEALTH AND SAFETY CONSULTING

- Health and safety management program

- development based on pertinent regulations and standards
- Training to complement the development of in-house health and safety management systems
- Safety program implementation and/or review
- Emergency response plan auditing, evaluation, and drills
- Facility or jobsite audits to maintain worker safety consciousness and support proactive health and safety management systems
- Accident/incident investigation and root-cause analysis
- Hazard/task/job assessments
- Expert witness services
- Accredited jobsite safety professionals

www.dxpsafetyservices.com

SAFETY SERVICES (continued)

INDUSTRIAL HEALTH/ INDUSTRIAL HYGIENE

- Respiratory equipment fit testing
- Audiometric testing
- Drug and alcohol testing
- Workplace noise testing
- Industrial hygiene services: naturally occurring radioactive material (NORM) testing; chemical-exposure monitoring; indoor air quality assessment

ENVIRONMENT MONITORING AND GAS DETECTIONS

- Wireless air surveillance protection
- Jobsite and personal gas detection equipment
- Gas detection equipment and services
- H2S awareness and gas detection training

UPSTREAM ONSITE SAFETY

- Breathing air equipment rentals and services
- H2S safety supervisors
- Emergency firefighting
- Well control and blowout recovery
- Blowout contingency planning
- Mobile decontamination (shower) units
- Fire/shower combination units
- Standby medical services
- Air quality monitoring
- Gas detection equipment and services
- Training, including H2S awareness and gas detection
- Cooling trailers

MEDICAL SERVICES

- Onsite medical personnel and equipment for remote locations and high-hazard work
- Medical backup for high-hazard plant turnaround operations
- Various levels of paramedical professionals, all certified by state licensing authorities
- Levels of medical support include basic life support (BLS) and advanced life support (ALS)
- Fleet of medical transport vehicles, including truck-mounted mobile treatment centers and state-of-the-art ambulances
- Drug and alcohol testing (random as well as post-incident/accident)
- Worker wellness centers offering emergency medical treatment, as well as fee-based services

such as physiotherapy, therapeutic massage, respiratory equipment fit testing, and audiometric testing

- Standby coverage for special events such as concerts and sporting matches

SPECIAL RESPONSE SERVICES

- Emergency response planning and execution
- Well control and blowout recovery
- Blowout contingency planning
- Emergency firefighting
- Hot tap services
- Freeze services
- Specialized and standby fire protection
- Supplemental services and equipment such as medical, air quality monitoring, and self-contained emergency showers

TRAINING

PUMP TRAINING

- DXP Pump Lab at Texas A&M University
- Quadna University

SAFETY TRAINING

- OSHA 10 & 30
- Hazard communication
- Respiratory protection
- Personal protective equipment
- Lockout / Tagout
- Fall protection
- Confined space – awareness, attendant & entrant levels
- Electrical safety
- Back safety

- Slips, trips and falls
- Hearing conservation
- Fire prevention & portable fire extinguishers
- Ladder safety
- Hand and power tools
- Forklift
- Man-lift
- HAZWOPER – 8hr, 24hr & 40hr
- First-Aid/cardiopulmonary resuscitation (CPR)
- Bloodborne pathogens (BBP)
- Automated external defibrillator (AED)
- Benzene awareness
- Walking & working surfaces

- Hydrogen Sulfide certification (H2S)

DOT TRAINING

- HazMat transportation
- HazMat shipping
- DOT recordkeeping

SPECIALTY TRAINING SERVICES

- New hire programs
- Drug and alcohol programs
- General safety orientation
- Client safety policies and procedures
- Job safety analysis
- Behavior based safety

CUSTOMER-DRIVEN EXPERTS IN MROP SOLUTIONS

SMARTSOLUTIONS - VENDOR MANAGED INVENTORY

DXP SmartSolutions programs are a product of decades of supply chain inventory management and consulting experience as well as comprehensive research.

Our experience and thorough understanding of our customers' business and industry has allowed us to engineer standardized programs that are flexible enough to be fully adaptable to address each one of our customers unique supply chain challenges.

- Corporate single point of contact
- Designated local support
- Technical support & training
- Supplier consolidation
- Consistent pricing across all plants
- Efficient order-to-pay process
- Performance tracking
- Product standardization
- OEM commercialization
- Management reporting
- Part number rationalization
- 24/7 phone support
- Vendor managed inventory
- Consignment
- Industrial dispensing
- Computerized Maintenance Management System
- Data enhancement
- Warranty tracking
- Storeroom re-organization
- Inventory level analysis
- Outsourced procurement & stores management

SmartServ
integrated service solution for management of the entire life cycle of pumping systems and rotating equipment

SmartBuy
on-site or centralized MRO procurement solution

SmartSource
on-site procurement and storeroom management by DXP personnel

SmartStore
customized e-Catalog solution

SmartVEND
industrial dispensing allowing for inventory level optimization, user accountability & usage reduction by 20-40%

SmartAgreement
planned, pro-active procurement solution for MRO categories serviced by local DXP Service Centers

PIONEERING SOLUTIONS IN INDUSTRIAL DISTRIBUTION SINCE 1908

Founded as Southern Engine and Pump Company in 1908, DXP was re-chartered in 1979 as Sepco Industries and renamed DXP Enterprises, Inc. in 1996. Over the years, DXP has strengthened its ability to support customers by acquiring a diverse group of companies with a powerful corporate focus on product expertise, technical services and MROP supply chain management.

Today, DXP is a publicly traded professional distribution management company that provides products and services to a variety of industries through its Innovative Pumping Solutions® (IPS), Supply Chain Services (SCS) and MROP Service Centers.

DXP continues to stay on the leading edge of technology, training and products while attracting and retaining the best employees. DXP's corporate strategy is simply to be the best solution for the industrial customer.
