CUSTOMER DRIVEN EXPERTS IN MROP SOLUTIONS

MAINTENANCE & REPAIR

Our repair technicians and specialists are the most experienced and qualified in the industry. DXP stocks the largest inventory of repair and replacement parts in the business, reducing overhead, improving efficiency and eliminating the headaches of equipment inventory, warehousing, purchasing and accounting.

- Equipment service & repair
- Upgrades, retrofits and replacements
- Reconditioned equipment
- Failure analysis
- Manufacturing services
 - Fabrication
 - Kitting
 - Assembly
- Engineering services
- Mechanical services
 - Vibration analysis
 - Laser alignment
- Dynamic balancing
- Predictive maintenance
 - Infrared thermography
 - Oil analysis
 - Polarization testing
- Life extension services
 - Technology based Services
 - SmartMaintenance systems
 - Repair and warranty tracking
 - Equipment bar coding
- PM integration and exchange
- Digital imaging and storing
- 24 hour service/365 days a year
- Factory trained technicians
- High quality services in all brands and models
- In House/Field services

SAFETY SERVICES

From services to equipment spanning quick response and long-term projects, DXP Safety Services is ready to respond quickly and effectively with the best combination of equipment and manpower.

CUSTOMER DRIVEN EXPERTS IN MROP SOLUTIONS

SMARTSOLUTIONS - VENDOR MANAGED INVENTORY

DXP SmartSolutions programs are a product of decades of supply chain inventory management and consulting experience as well as comprehensive research.

Our experience and thorough understanding of our customers' business and industry has allowed us to engineer standardized programs that are flexible enough to be fully adaptable to address each one of our customers unique supply chain challenges.

- Corporate single point of contact
- Designated local support
- Technical support & training
- Supplier consolidation
- Consistent pricing across all plants
- Efficient order-to-pay process
- Performance tracking
- Product standardization
- OEM commercialization
- Management reporting
- Part number rationalization
- 24/7 phone support
- Vendor managed inventory
- Consignment
- Industrial dispensing
- Computerized Maintenance Management System
- Data enhancement
- Warranty tracking
- Storeroom re-organization
- Inventory level analysis
- Outsourced procurement & stores management

SmartServ
integrated service solution for management of the entire life cycle of pumping systems and rotating equipment

SmartSource
on-site procurement and storeroom management by DXP personnel

SmartVEND
industrial dispensing allowing for inventory level optimization, user accountability & usage reduction by 20-40%

SmartBuy
on-site or centralized MRO procurement solution

SmartStore
customized e-Catalog solution

SmartAgreement
planned, pro-active procurement solution for MRO categories serviced by local DXP Service Centers

PIONEERING SOLUTIONS IN INDUSTRIAL DISTRIBUTION SINCE 1908

Founded as Southern Engine and Pump Company in 1908, DXP was re-chartered in 1979 as Sepco Industries and renamed DXP Enterprises, Inc. in 1996. Over the years, DXP has strengthened its ability to support customers by acquiring a diverse group of companies with a powerful corporate focus on product expertise, technical services and MROP supply chain management.

Today, DXP is a publicly traded professional distribution management company that provides products and services to a variety of industries through its Innovative Pumping Solutions® (IPS), Supply Chain Services and MROP Service Centers.

DXP continues to stay on the leading edge of technology, training and products while attracting and retaining the best employees. DXP's corporate strategy is simply to be the best solution for the industrial customer.
