

INNOVATIVE PUMPING SOLUTIONS

CAPABILITIES

17-

Design Engineering Manufacturing

PROJECT MANAGEMENT

Each Project Management Group consists of a dedicated Project Manager, Project Engineer and Design Team to manage each project from start to finish. The Project Manager is the single point contact with the customer.

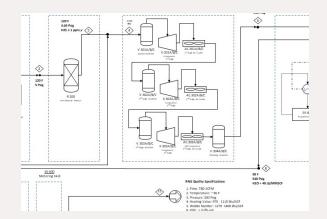

ENGINEERING & DESIGN

DXP uses the latest SOLIDWORKS software to generate models of each package. These models minimize equipment interferences and maximize safety.

PROCESS SIMULATION

DXP utilizes Aspen Plus Process Simulation Software for conceptual design, optimization, and performance modeling of DXP's proposed solutions to customer requirements.

AUTOMATION

DXP knows that the proper integration of automation and controls with packaged mechanical equipment is important. DXP's Automation & Controls team understands the process requirements to design and supply the best controls for the job. From the simplest functions to PLC's incorporating control functions outside DXP supplied packaged equipment, automation is a large part of DXP's added value.

AFTERMARKET/SERVICE – PARTS SUPPORT

Our dedicated Aftermarket Group provides onsite, factory training commissioning start support as well as operator training. Our parts department offers spare and replacement parts throughout the service life of our equipment and our service center locations offer local MRO support throughout North America.

QUALITY CONTROL/ QUALITY ASSURANCE

Our IPS Design & Manufacturing facility completed ISO 9001:2015 certification by DAS in 2020.

ENGINEERING & DESIGN

DXP Innovative Pumping Solutions utilizes the most up-to-date technology to meet the demands of its global customer base. Using 3D mechanical design software, DXP provides a complete design solution with verification to meet the customer needs.

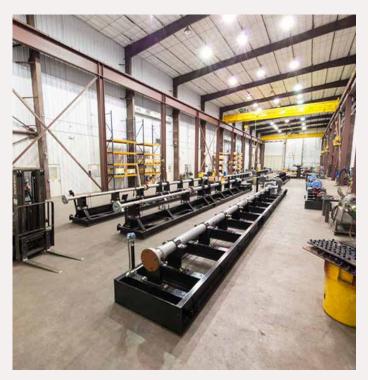

DXP FABRICATION FACILITY – KATY, TX

Bay 1: Structure and Pipe Welding

Bay 3: Large Module Fabrication

Bay 4: HP Plus Pump Assembly and Testing

Climate Controlled Warehouse

DXP FABRICATION FACILITY – KATY, TX

Indoor Paint and Sandblast Booth

Welding and Fabrication

Bay 2 - Light Pump Assembly and Repair

SERVICE & SUPPORT

Comprehensive footprint providing access and coverage for key markets.

529 FABRICATION CENTER – KATY, TX
